

When Jerrod repurchased his family home years ago, he knew this was an opportunity to bring back a long-loved tradition he shared with his father. Now having children of his own he took the knowledge his father taught him about lights and wrapped it up with the ever-changing technology available.

Jerrod and his family have spent many hours of planning, labor & sweat equity building the show, to bring a smile to a child's face. In this fast-paced world, we have lost many of the "old traditions" that make the holidays special. This is a family friendly event that will have you bringing friends to enjoy with us each weekend.

Come visit the multi awarded light show featuring over 180,090 lights in harmony with the 36 classic Christmas songs we all know and love.
