INDEPENDENT AUDITOR'S REPORT

Board of Directors
Pocono Mountains United Way
Stroudsburg, Pennsylvania

We have audited the accompanying financial statements of Pocono Mountains United Way (a Pennsylvania Non-Profit Corporation), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, cash flows and functional expenses, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pocono Mountains United Way as of June 30, 2021 and 2020, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter- Covid-19

As further discussed in Note 11, the Organization is subject to the current economic and health conditions in the United States, including Covid-19 which was designated as a global pandemic by the World Health Organization on March 11, 2020. Management is currently assessing the impact of these conditions; however, the ultimate outcome is not known as of the date these financial statements were available to be issued. Our opinion is not modified with respect to this matter.

POCONO MOUNTAINS UNITED WAY

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1: DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Activities:

Pocono Mountains United Way (the Organization) is a nonprofit organization dedicated to providing funds to various charitable and welfare organizations in Monroe County. The agency conducts an annual campaign to seek pledges of contributions for the following year which are then allocated to its member agencies. In 2019, the Organization merged with Pocono Alliance, Inc. a non-profit county-wide community planning organization with a focus on health and human services and system changes which support low and moderate income families as they improve their quality of life.

National and State Affiliation:

The Organization is an affiliate of both the United Way Worldwide and the United Way of Pennsylvania. Dues of 1.5 percent of the campaign total are paid annually to the United Way of America for the right to use the United Way name and logo as well as extensive research services, access to marketing materials, training courses, and national marketing efforts such as the National Football League television and radio advertising. Dues to the United Way of Pennsylvania are a fixed amount of \$4,200 for public policy review, management of the State employee campaign and specialized training and conferences.

Basis of Accounting:

The financial statements have been prepared on the accrual basis of accounting and accordingly reflect significant receivables, payables, and other liabilities.

Financial Statement Presentation:

The financial statements of the Organization have been presented in accordance with FASB Accounting Standards Update (ASU) 2016 14, Presentation of Financial Statements of Not for Profit Entities, which requires the Library to report information regarding its financial position and activities according to the following net asset classifications:

Net Assets Without Donor Restrictions: Net assets that are not subject to donor imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors.

Net Assets With Donor Restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions may be temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions may be perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Revenue Recognition:

Public support and contributions received are recorded as revenue and net assets with or without donor restrictions, depending on the existence and nature of any donor restrictions or by law. In general, grants received by the Organization are considered contributions.

NOTES TO FINANCIAL STATEMENTS - continued
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1: DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued:

Public support and contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donors for future periods or for specific purposes are reported as increases in net assets with donor restrictions. When a restriction is fulfilled, net assets with donor restrictions are reclassified and reported in the statements of activities as net assets without donor restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the support is reported as net assets without donor restrictions.

Fundraising event and program revenues are not recognized until the revenue is earned, and the Organization does not believe it is required to provide additional good or services to fulfill its related performance obligation. Reciprocal transaction within program revenues are generally registration fees or ticket sales which are recognized as revenue upon conclusion of the event.

Individuals may volunteer their time and perform a variety of tasks that assist the Organization at fundraising activities. As of June 30, 2021 and 2020, these services did not meet the criteria for recognition as contributed services and have not been recorded in the financial statements.

Estimates:

In preparing financial statements in conformity with United States generally accepted accounting principles, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents:

The Organization considers certificates of deposit that mature in three months or less and are not permanently restricted to be cash equivalents.

Long-Term investments:

Long-term investments consist of various mutual fund investments. Principal of \$430,022 is permanently restricted. The income may be made available for operations. This investment is stated at fair market value as follows:

	<u>2021</u>	<u>2020</u>
Market Value	\$ 792,565	\$ 638,867
Cost	638,695	593,966
Unrealized Gain to Date	<u>\$ 153,870</u>	<u>\$ 44,901</u>

Concentration of Credit Risk:

The Organization maintains cash balances with five financial institutions located in Northeastern Pennsylvania and an investment firm. The cash balances, up to \$250,000 are insured by the Federal Deposit Insurance Corporation. Uninsured cash amounted to \$552,526 and \$476,441 at June 30, 2021 and 2020, respectively.

The Organization's financial instruments that exposed it to concentrations of credit risk consist primarily of investments, cash equivalents and pledges receivable.

NOTES TO FINANCIAL STATEMENTS - continued
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1: DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued:

Income Taxes:

The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes.

Land, Building and Equipment:

Land, building and equipment are stated at cost, or in the case of donated items, fair market value at the date of the gift. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets.

Allocation of Expenses by Function:

The Organization's method for allocating expenses among the program and functional reporting classifications which can not be specifically identified as program or supporting service are based on estimates made for time spent by key personnel between functions, space occupied by function, consumption of supplies and postage by function, and other objective basis.

Donated Materials and Services:

Contributed services are recorded if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills that are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. A significant amount of time has been donated by volunteers to agencies, programs, services and the fund-raising campaign during the year; however, such services are not required to be recorded under current accounting standards.

Liquidity Considerations and Availability of Financial Assets:

Quantitative

The Organization had the following financial assets available to meet cash needs for program and supporting services expenditures within one year of the Statement of Financial Position date. None of the financial assets, other than those noted below, are subject to donor or other contractual restrictions that make them unavailable for expenditures within one year of the Statement of Financial Position date.

NOTE 1: DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued:

Liquidity Considerations and Availability of Financial Assets - continued:

Qualitative

As a part of Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Should the need arise to help manage unanticipated liquidity needs, the Organization has adequate net assets to obtain a line of credit, which it could draw upon if needed.

Subsequent Events:

Subsequent events have been evaluated through March 15, 2022 which is the date the financial statements were available to be issued.

NOTE 2: PLEDGES RECEIVABLE:

Pledges receivable consist of the Organization's public support derived from contributions from individuals and businesses primarily located in Monroe County, Pennsylvania. Contributions are recorded when the pledge is received and an allowance is provided for amounts estimated to be uncollectible. Pledges to be paid directly to the United Way are available for unrestricted use unless specifically restricted by the donor.

NOTE 9: FAIR VALUE MEASUREMENTS:

The Fair Value Measurements and Disclosures topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. Pocono Mountains United Way uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, Pocono Mountains United Way measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would be used only when Level 1 or Level 2 inputs were not available.

The Organization's investments are reported at fair value in the accompanying statement of financial position:

Financial Assets:	Fair Value		Quoted Market Prices (Level 1)	
	2021	2020	2021	2020
Investments, at Fair Value				
Marketable Equity Securities	\$ 792,565	\$ 638,867	\$ 792,565	\$ 638,867

NOTE 10: NEW ACCOUNTING STANDARDS:

For the fiscal year ended June 30, 2019, the Organization implemented FASB ASU 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-For-Profit Entities. The organization has applied the changes retrospectively to all periods presented. The new standard changes the following aspects of the financial statements:

- The unrestricted net asset class has been renamed Net Assets Without Donor Restrictions;
- The temporarily and permanently restricted net asset classes have been combined into a single net asset class called Net Assets with Donor Restrictions; and
- The financial statements include a disclosure about liquidity and availability of resources.

In 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606) which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The entity should recognize revenue when (or as) the entity satisfies a performance obligation. The Organization has evaluated each revenue stream and applied ASU 2014-09. As a result of this change in accounting guidance, the organization updated its revenue recognition policies and disclosures. ASU 2014-09 did not impact the amount of revenue recognized in previous periods, and accordingly, there was no impact to the Organization's opening net asset balances upon adoption. The Organization has adopted this ASU as of and for the year ended June 30, 2021.

NOTE 10: NEW ACCOUNTING STANDARDS (continued):

In 2018, the FASB issued ASU 2018-08, Clarifying the Scope and Accounting Guidance for Contributions Received and Made to address difficulty and diversity in practice among not-for-profit entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) subject to Topic 958, Not-for-Profit Entities or as exchanges (reciprocal transactions) subject to Topic 606 and (2) determining between conditional and unconditional contributions. This ASU applies to all entities that receive or make contributions. The term used in the presentation of financial statements to label revenue (for example, contribution, grant, donation) that is accounted for within Topic 958 is not a factor for determining whether an agreement is within the scope of that guidance. The Organization has adopted this ASU as of and for the year ended June 30, 2021. Analysis of various provisions of the adopted ASUs resulted in no significant changes in the way the Organization recognizes revenue. The presentation and disclosures of revenue have been enhanced in accordance with the ASUs.

NOTE 11: COVID-19:

On March 11, 2020, the World Health Organization characterized an outbreak of novel strain of coronavirus ("COVID-19") as a pandemic and on March 13, 2020, the United States declared a national emergency. As a result, the current economic environment has presented companies and organizations with unprecedented circumstances and challenges. Potential impacts to the Organization include disruptions and restrictions on the ability of employees to work, as well as travel and other restrictions imposed by governments. COVID-19 is also expected to adversely affect economies and financial markets in the United States and throughout the world. The extent of the impact on the Organization's financial position, operating results and cash flows will depend on future developments, including the duration and spread of the outbreak, which are highly uncertain and cannot be predicted.

The Organization applied for and was approved a \$110,600 loan under the Paycheck Protection Program created as part of the relief efforts related to COVID-19 and administered by the Small Business Administration. The loan accrues interest at 1%, but payments are not required to begin for six months after the funding of the loan. The Organization is eligible for loan forgiveness of up to 100% of the loan, upon meeting certain requirements. The loan is uncollateralized and is fully guaranteed by the Federal government. The Organization has met the loan forgiveness requirements and the loan has been subsequently forgiven in February 2021. The organization also received a second PPP loan in the amount of \$116,431 in February 2021 which was subsequently forgiven in September 2021.
