SMILE :)
In-Home Mentoring

- Is your child on a PreK waiting list or unable to attend PreK?
- Is your child having trouble regulating their emotions and behaviors?
- Is your child having trouble learning preschool skills?
- Has your child experienced trauma that could affect their socialization?

Benefits of the SMILE Program?
Every moment in a child's life is a chance to learn, and parents are the first teachers. What kids experience at home sets their path in life. Mentoring and growing. It's very important for schools, parents, and the community to work together during these early years. This teamwork gives parents a chance to help plan for their kids' education.
